

GIVING CRYPTOCURRENCY TO MINISTRY

Bitcoin, Ethereum and Other Tax-Wise Gifts

Convert virtual investments into real, tax-wise Kingdom impact by giving cryptocurrency to ministry!

Are you among the growing number of Christians who have experienced fruitful investments in Bitcoin, Ethereum or other cryptocurrency? You have a smart and powerful way to support your favorite ministries AND reduce your taxes!

Cryptocurrency is subject to capital gains tax. The more it grows in value, the more you will owe when you sell it.

When, however, you give bitcoin or other cryptocurrency to ministry,* you'll receive an immediate charitable deduction at the time of your gift. You will also avoid the tax bill you would have faced at the time of sale.

** You must have owned the cryptocurrency for at least one year to be eligible for a full charitable deduction.*

Benefits of Giving Cryptocurrency

- **Tax-wise.** Receive a fair market value tax deduction and eliminate any taxes that you would have owed on the sale.
- **Convenient.** Give in a substantial way without affecting your cash flow.
- **Impactful.** Because charities are exempt from income taxes, the entirety of your gift will go to ministry!

Crypto Giving Made Simple

Contact us for easy instructions on how to transfer your gift to Barnabas Foundation.

We will convert your bitcoin or other cryptocurrency into real U.S. dollars for your favorite ministry, or we can transfer the funds into your Stewards Fund (donor-advised fund) account.

Gifts That Pay Income

Cryptocurrency can be given to establish a life income gift. You'll receive an immediate tax deduction at the time of your gift, and then ongoing income for you and/or your loved ones.

When you no longer need the income, the remainder of your gift will go to the ministry that you have designated. It's a win-win giving solution for you and for God's Kingdom!
